

A Unique Homework and Study Skills Training Program

Program Goals

Students will learn strategies to assist in the successful performance of completing daily assignments, consistent studying, test preparation and long term project management.

Parents will learn how to understand, support, and responsibly assist their children through daily homework and studies.

Our program consists of six one hour sessions. Parents and children will each participate simultaneously to make homework a successful and more enjoyable experience for the whole family.

Topics Covered

- Goal setting
- Home and school communication
- Division of responsibility
- Effective teamwork
- Learning styles
- Sustained attention
- Organization
- Time management
- Test preparation
- Problem solving
- Memory strategies
- Responsible self-monitoring

Classes Run By:

A multi-disciplinary team of educational professionals with many years of experience working with children of all ages in both schools and private settings.

Three Different Classes Offered

1. **"Homework Club"** for Elementary School
2. **"Study Skills Groups"** for Middle School
3. **"Executive Functions Training"** for High School
